Best wishes for everyone in 2023 in Mutual 10!

- Sewers: The sanitary sewer cleaning and maintenance was performed in November and we received a good report that the sewers were clear of root intrusion. Please use plenty of water when running your garbage disposals to keep the sewers clear. Also, no wipes pipes. Only toilet paper.
- <u>Trash Dumpsters</u>: Please be careful when putting materials into the trash dumpsters and follow the instructions for what material goes into to trash and recycle. Please break down boxes and take large items to 1.8 acre site 9am-5pm M-Sat. You will need to present your GRF ID card to use the site.
- Organic Compost Food Bins: The new small green bins are for organic waste, which is food and plant material. The food can be in clear plastic bags. By using the organic waste bins we are also helping to keep the sewer system clear.
- Landscaping: Our sprinklers have been adjusted to be on for 12 minutes a week per sprinkler head from the pre-draught rate of 30 minutes per week per sprinkler head. There may be some areas that look dry, but this plan should maintain the health of the sprinkler system, keep our trees alive and be in compliance with State requirements. The sprinklers are turned off when we have rain. Please limit the watering your flower beds to after 6pm in the evening or before 6am in the morning and use care to keep the water off the grass and any paved areas.
